SUPPRESSED REPORT OF PANAMA LAND FRAUDS UNDER CONSIDERATION

WASHINGTON, Feb. 19.—The suppressed report by General Goethals, telling how the United States was robbed in the payment of the Panama Canal, is in the hands of the committee today. General Goethals states in bold language that summary representations should at once be made to Panama, concerning the awards of the land concession. He further declared the government agents investigating the claims were threatened and coerced by a combination of property owners. The land commission refused to interfere. The god name of the United States and her agents is addressed to be directly affected and General Goethals announces drastic steps necessary.

WASHINGTON, Feb. 19.—Unemployed insurance, sickness insurance, and old age pensions as provided in a resolution introduced into the house by Meyer London, a Socialist from New York.

The resolution was referred to the labor committee. The committee provides for a labor chairman of a commission of five, to work out details. The other commissioners will be two representatives of labor and two of employers.

The bill also directs that if the commission is unable to find sufficient work for the idle men, they will be given public work.

BERNSTORFF'S FINAL INSTRUCTIONS DRAFTED

BERLIN, Feb. 19.—The final instructions for Ambassador von Bernstorff with reference to the submarine question, were drafted today by the American bureau of the foreign office and submitted to Foreign Secretary von Jagow for approval. It is expected the instructions will be in Washington by next Tuesday.

The German press is again showing marked interest in the Lusitania case and the submarine question. The Cologne Gazette today says, "We will let nothing curtail our rights nor will we bother about the safety of reckless, crazy mariners traveling on English ships." The above is expressive of the general sentiment of the nation.

CHICAGO RESIDENCE BLOWN TO ATOMS BY A BLACK-HAND BOMB

CHICAGO, Feb. 19.—With a terrific roar that could be heard for miles, a black-hand bomb exploded this morning in the house of Modestino Mastro Giovanni, an Italian banker of this city, completely destroying one of the finest residences in Chicago. Giovanni and his family miraculously escaped injury.

The house was situated in the heart of the fashionable district on the Grand Boulevard. Windows throughout an area of many blocks were broken by concussion when the three-story structure, which was noted for its beauty, crumbled to a mass of ruins.

Although the banker would make no definite statement, it is believed the black-hand is behind the disaster. The damage is estimated at \$75,000.

"WHAT WILL PEOPLE SAY?"
AT THE CRYSTAL TODAY

The exquisite emotional actress and stage star, Mme. Petrova, will appear at the Crystal Theater today in a 5-act photodrama, "What Will People Say?" Following is a story of the play:

The story deals with a problem of a very young woman who is used to every luxury, confronted with the question of choosing between the man of her heart and the man who can give her the luxuries to which she has been accustomed.

Persis Cabot, daughter of a multi-millionaire, meets a young officer, Harvey Forbes, coming from the Philippines and they fall desperately in love. Owing to her father's financial reverses, it is impossible for her to marry Harvey Forbes. She contracts a marriage with Willie Enslee, whose immense fortune makes it possible for her to re-instate her father and give her all the luxuries she has been used to. The marriage of course is a failure.

Persis meets Forbes at a reception given by the Ambassador, and they both confess their love to each other.

Persis discovers a liaison of her husband with a former mistress, and decides that she has a right to take the love which Forbes offers her. On the first occasion of their being alone together, Willie Enslee discovers them and accuses Persis of infidelity. Forbes commands her to choose between them. Persis refuses and Forbes leaves her in desperation. Left alone together, Willie maddened by jealousy, stabs his wife. A news-
paper reported visits the house and gains information which leads him to believe that Forbes is implicated in the attempted murder. He also visits Forbes and informs him of the fact that Persis has been stabbed by her husband. Forbes hurries back to the Enslee home and tells Persis that he will take her with him even though she is not willing to go, as they are mated to each other. After the necessary divorce proceedings have been obtained, Persis marries Harvey Forbes.

"THE IMPOSTER" AT THE ARCADE TODAY

At the Arcade Theater today will be shown Jose Collins, the film star, in the "Imposter." The story reads: Sir Anthony Gregson Bart, an Englishman, is wealthy from coal mines and is unpopular with his employees.

Sir Anthony has one son, Aubrey, who has angered his father by falling in love with Mary Priestly, the young daughter of Mr. Priestly, who, taking pity on the lad, gives him work in his office.

Sir Anthony also has a twin brother who has dropped out of his life. The brother is "Blink." He marries a gypsy girl, known as "The Terror."

Sir Anthony takes a sea trip. The yacht anchors off the coast on which Blink has his hut. Blink recognizes the yacht and sends a friend of his, Grouger, with a note to Sir Anthony asking him to call on him. Sir Anthony does so. While at Blink's hut he has a stroke of paralysis and dies. Blink changes clothes with Sir Anthony, leaving Sir Anthony dead as Blink. Nobody suspects the change. Blink proceeds to the yacht taking "The Terror" with him, pretending she is Miss Gibson, his trained nurse. Being in need of money, Blink wishes, as Sir Anthony, to draw a check, but he realizes he would give himself away by the difference in handwriting. He feigns paralysis which, apparently, leaves his right arm and hand useless.

Blink, now Sir Anthony, sails home

with his "trained nurse." The first thing he does is to call on Mary Priestly with Miss Gibson. Miss Gibson tells Mary that she wishes to marry Sir Anthony, but will not take this step without first getting the consent of Aubrey. Sir Anthony (Blink) is apparently reconciled to his son and gives him his consent to marry Mary. Aubrey gives him consent in return.

The miners have struck because of small wages and unsafe equipment. Blink as Sir Anthony agrees to look over the mines and investigate. After he investigates, he orders that new and safe equipment shall be bought and that the miners' salaries shall be raised. The supposed Sir Anthony becomes an idol with the miners.

Grouger, the friend of Blink in his former life, has been trying to see whom he thinks is Sir Anthony. Having found Sir Anthony dead in Blink's hut, he thinks that Sir Anthony had killed Blink and eloped with "The Terror." Grouger is eager for revenge. He finds "The Terror" (Miss Gibson) frightened for Blink's life, keeps putting Grouger off. At last, however, he cannot be put off any longer. Blink (Sir Anthony) agrees to see him. Aubrey, Mary and Miss Gibson are in the room. To satisfy Grouger it is necessary for Blink to disclose his identity before Aubrey. This satisfies Grouger. Aubrey does not mind, as he has grown to love Blink, as his real father had disinherited him, while Blink makes him his heir. This arrangement pleases all concerned. Blink again marries "The Terror" for appearances' sake and Aubrey marries Mary Priestly.

MARGUERITE CLARKE IN "WILDFLOWER" AT THE CRESCENT SATURDAY

At the Crescent Theater, Saturday, Marguerite Clark will be seen in the beautiful woodland drama of "Wildflower," by Mary Germaine. Marguerite Clark portrays the character of the dainty and bewitching little forest flower, whose real name is Letty.

Letty Roberts, a pretty and unsophisticated child of Nature, dreams and frolics her time away on a little farm on the edge of the woods, far from the city. One day a stranger comes, Harold Boyd, a wealthy man, who has chosen the seclusion of the forest as a rest from wearisome society duties. He meets Letty, and

is delighted with her dainties and fragile beauty, and at once makes friends with the shy little creature of the woods. He thinks of her only as an interesting child, however, and when visited by his scapegrace brother, Gerald, who is by his own confession "a constant worshipper at the shrine of woman," Arnold views with alarm and discomfort Gerald's flirtatious attitude toward little Letty. Gerald hails Arnold's nickname of "Wildflower" as appropriate to Letty, and begins an ardent courtship of the child-woman, whose innocence and ignorance lead her to mistake the dross

for gold. After a tempestuous wooing, Letty is swept off her feet by the impetuous Gerald, and elopes with him. Arnold learns of the elopement and immediately pursues the pair, reaching them just after the wedding ceremony has been concluded. After a struggle with his brother, Arnold knocks Gerald down, and by means of train and auto spirits Letty away from her new-made husband, despite her desperate efforts to escape, all of which he thwarts. Arnold takes Letty to the old Fifth avenue mansion of the Boyds in New York, and introduces her there to the members

of the household as his wife, telling Letty this course is necessary to protect her reputation, but not fully explaining why. Even Letty's parents, who know of the elopement, do not know which of the Boyds she has married.

Nancy's Inclination

It was Nancy's first experience in the water. She and her father waded out together for a short distance. Then he picked her up and carried her into deeper water. She became frightened and exclaimed, "Oh, papa, I don't want to go there. I'd rather go where the water is short."

MANY PEOPLE GO TO EXCELLENT CONCERT AT THE M. E. CHURCH

MUSICAL BY BEST ARTISTS OBTAINABLE IS GREATLY APPRECIATED BY A LARGE CROWD AT THE METHODIST CHURCH.

Approximately four hundred people were present Friday night at the Daytona Beach Methodist church to hear one of the best musical entertainments ever given before an audience on the Peninsula.

The excellent program consisted of ten numbers, which constituted a treat for everyone present.

Opening the program, Mrs. Woodward, a winter resident of Seabreeze, and a member of the church choir, pleasingly sang two soprano solos, "Summer" (Chaminade), and "From the Land of the Blue Sky Water" (Cadman).

Frank Leo, the well known New York entertainer, who is greatly enjoying his first winter in this vicinity, gave a fine impersonation, called "In Honor of Columbus," and was enthusiastically encored by the audience.

Mr. Leo's humorous sketches were followed by two very well sung soprano solos, by Miss Marlitt Bruske, an artist from the North, who is staying at the Magnolia, in Daytona through the present season. Her songs were the "Happy Song" (Del Eiego), and "Banjo Song" (Homer).

The next number was a touching recitation by Mr. Leo, and was entitled "Robin Redbreast." It told of how the robins all used to be grey and how one of them earned the red breast for the whole robin race by plucking one of the thorns from the brow of Christ when he was on the cross. This number brought tears to the eyes of all in attendance, and was delivered in a wonderful manner by the entertainer.

Elias Zensky, a violin player of much note, who has played before thousands in Carnegie Hall, New York, and is a member of an orchestra at one of the Daytona hotels, executed two wonderful selections on the violin. The audience was greatly pleased with the work of this young artist and called him again and again.

These selections were followed by two humorous recitations by Miss Brennan, of Daytona, "Serenade" and "Elopement."

An impersonation of "Biddie, the Cook Lady at the Telephone for the First Time," brought howls of laughter from the crowd. Mr. Leo also gave this number.

Another song by Miss Bruske and a pianologue, "Nicolini," by Miss Brennan, received loud applause and preceded an exceedingly well sung soprano solo, by Mrs. H. W. Drake, "Good-Bye, Sweet Day" (Kate Vannah). This beautiful number took the greatest applause of the evening, and Mrs. Drake, who is the leader of the choir of the M. E. Church, was complimented on every side by all. The velvet quality of Mrs. Drake's voice is very well fitted to the building and her sweet solo was greatly appreciated.

Mr. Zensky closed the program with two more violin solos, and after announcements for the next number of the tourist class entertainment course were made, the crowd left for their home much elated with the well spent evening.

ENTERPRISE PEOPLE VISIT SENATOR ED. PIERCE HOME

Mr. and Mrs. Fred Gordon and son, Arthur, motored over from their home at Enterprise on Monday, and spent several days as guests of Senator and Mrs. Ed. Pierce, at Daytona Beach, returning home yesterday.

The Gordons are former North Dakotans, but decided four or five years ago that Florida was the only place in which to live all the year around, and since that time have made their home at Enterprise. Their visits to the Beach are a source of much pleasure to many winter residents of their former home state, who are spending the winter on the Peninsula.

An even dozen Peninsula residents made a very enjoyable automobile trip to the "Sub-Tropical Fair" at Orlando on Thursday of this week. Those making up the party were, Mr. and Mrs. Pierce, Mr. and Mrs. Wright, Charles, Frank and John Wright, the Misses Carrie, Catherine and Marguerite Wright, Miss St. John and Miss Nelson. At the fair they were joined by Mr. and Mrs. Hollister, of Lake Alfred, who returned with them for a few days' visit with friends at Daytona Beach and Ormond.

Miss Ruth Stewart came over from DeLand and Stetson to spend the week-end at her home on the beach. Miss Stewart was accompanied by a number of her friends who are enjoying a short stay with her. The party will return to DeLand Sunday, in order to take up school work again.

ANSWER RECEIVED TO "WHERE, O WHERE IS THE BOARD OF TRADE"

SMITH G. YOUNG, PRESIDENT OF THE PENINSULA CHAMBER OF COMMERCE, SENDS REPLY TO DAILY NEWS.

The following letter was received recently by the Daily News, in reply to the article printed in the Peninsula Department, on Feb. 9th, under the caption, "Where, O Where is the Board of Trade?" This article said that this formerly wide-awake body of Peninsula citizens, which started out to accomplish so many things for the two towns, now seemed to have fallen asleep. It also urged that voters of Daytona Beach and Seabreeze get together again.

Mr. Young's letter is as follows:
Daytona Beach, Fla., Feb. 18, 1916.
Editor Daily Daytona News:

Answering yours of February 9th, "Where, O Where is the Board of Trade of the Peninsula?"

This is a timely question and deserving of an answer, and as one who is interested in this work, wish to say that first, lack of money, and second, lack of a competent paid secretary, one who will devote his time and attention to this work, places this organization in abeyance.

Men of vision and men of action can accomplish wonders, for a community, providing the work when planned, can be executed. Without a question, Florida will forge ahead, in the next ten years, by leaps and bounds, probably will increase as much or more, in wealth and population as any state in the Union.

Will the triple cities share in the proportion of this increase? It depends, in a large measure, on its citizens and a live active Board of Trade, to present the claims and advantages of our favored cities for the next ten years, with the hearty co-operation of the business men and the citizens, means more to their welfare than a city council, commission form of government or the manager plan of government.

Strong leadership, loyal supporters and enthusiastic boosters, working along sane, practical lines, backed by strong financial support, cannot help but develop a community if organized for that purpose.

This is what has made Miami prosper. What is true of this magic city is also true of all of our live, up-to-date American cities.

A city is but one form of a corporation and the citizen one kind of a stockholder, and like all well managed corporations, the managers must have a vision of faith in future requirements backed by sufficient financial support to meet these requirements; if not, failure will surely meet them instead of success.

What we need right now, is a plan for the next ten years, and then work the plan.

China, with all of her resources, of coal, iron, copper, gold and tin, is doing practically nothing with it. Why? First, because they have not the money to use; second, because they have not the faith and vision and third, because there is no system, plan or co-operation.

Are we like China in building up our cities?

There are some splendid men on the Peninsula, who are willing and anxious to do things for the promotion and welfare of the community, and if a secretary with snap and energy can be found to devote his time and attention to this work and the money to support the organization forthcoming, there would be put in motion plans that would add to the attractiveness and development of the Peninsula without a doubt.

Yours very truly,

SMITH G. YOUNG.

Mr. and Mrs. J. L. Wetherby, who have rented their cozy little bungalow, have moved for the next few months to the Tomlinson home on Peninsula drive.

TOURISTS DISLIKE LARGE SIGNBOARDS

MAJORITY OF WINTER PEOPLE HOLD OPINION THAT LARGE SIGNS ARE EYESORES TO PENINSULA.

Many of the winter tourists who have noticed the numbers of large signboards which are placed on half of the vacant lots in Daytona Beach and Seabreeze, think that they are more eyesores than advertisements. Small signs of moderate size are not objectionable to the majority of people, but great displays which block the landscape view at every prominent corner, are greatly disliked.

In Daytona an ordinance prohibits the wanton desecration of beautiful scenery by the erecting of signboards and many think that such a law, limiting the size and requiring that a permit must first be granted, would be of great benefit to the two towns.

A tourist was heard to remark when first seeing a large sign, which advertises one of the Daytona banks, and is placed on the corner of First avenue and Peninsula drive: "Well, I won't ever do business with a bank that puts up such signboards as that one."

The city of Miami, one of the most beautiful in the state, restricts very carefully the erecting of signboards, and those which have been put up are so artistic and attractive that they add, if possible, to the beauty of the city.

SEABREEZE PERSONALS

Dr. S. Z. Holland and party of gentlemen friends left yesterday afternoon for a few days' fishing trip in the vicinity of the Tomoka river. They expect to return with all of the fish in the river, not to mention a few score of wild turkeys.

Mr. and Mrs. M. S. Rogers and two children, arrived Friday from Savannah, Ga., to spend the remainder of the season in the J. L. Wetherby cottage on Peninsula drive, near the public school house.

*Mrs. Charles E. Starr invites her friends and the general public to an exhibition of fine embroideries, lingerie and table linen, at reasonable prices, to be given Tuesday, Feb. 22nd, at her home on Peninsula Drive, by the Franciscan Missionaries of Mary, 45th street, New York.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

How Birds' Eggs Are Marked.

Even the same kind of bird often lays eggs that show a great difference in their marking. And often this is true of the same individual bird. At least one long, infertile egg is included in the clutch of a house sparrow, besides several eggs that are of a darker or lighter shade than the others. One may find a dozen clutches that contain some one type quite different from the rest.

The tree sparrow also lays one always different from the others in the clutch. Some birds always lay an uncolored egg, such as the golden eagle, osprey and others. Some birds' eggs vary much more than others in color and markings. A result of experience shows that the following are among the common birds that lay eggs which vary considerably: Robin, linnnet, rook, skylark, cuckoo, hawk and snipe.

Strong Ale.

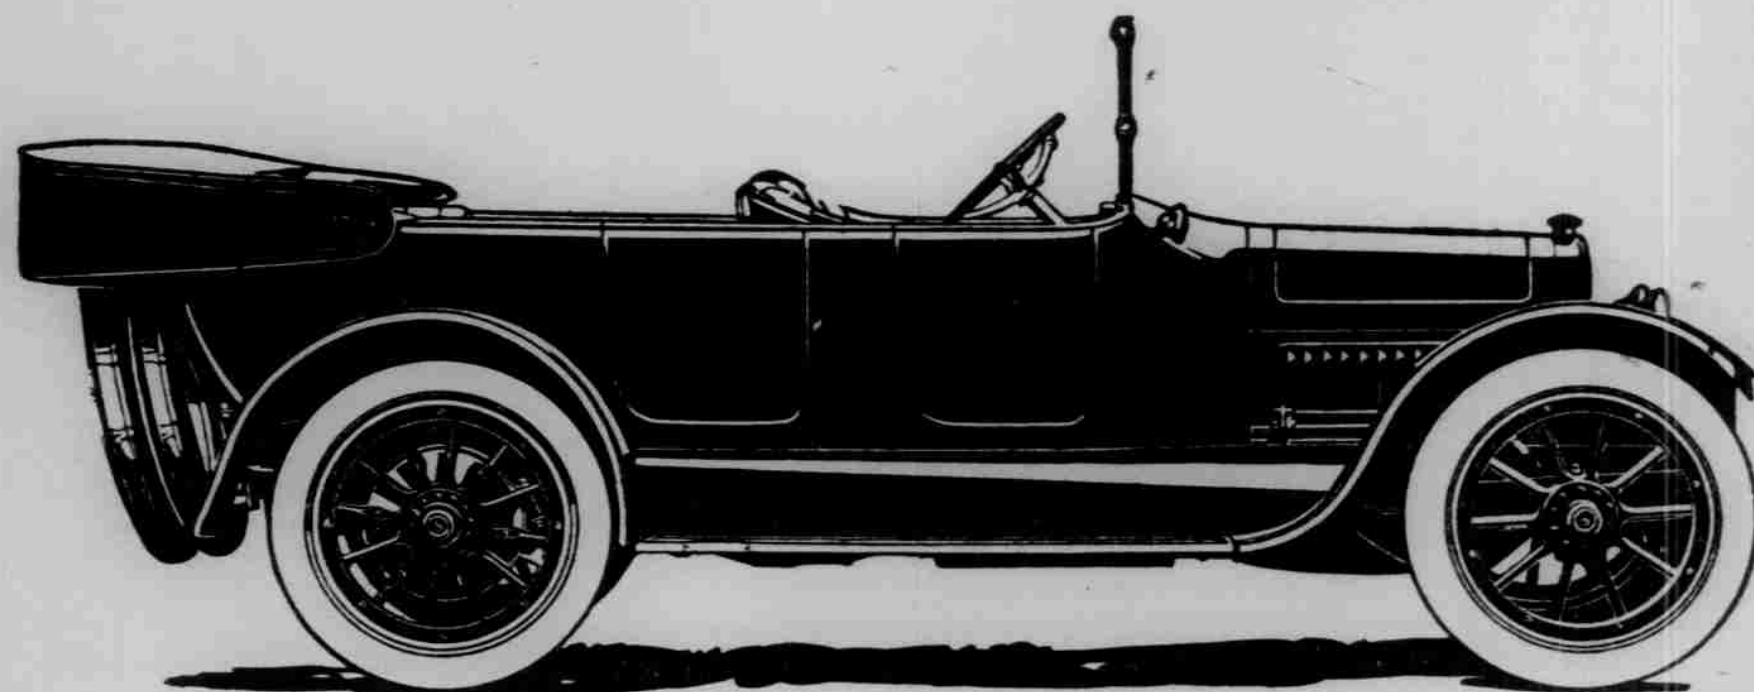

Even Gladstone, with all his fondness for Burton, might have found egg ale too strong for him. There were several methods of preparing this beverage, which was largely drunk in the days of Pepys, but the following appears to have been the most popular: "To 12 gallons of ale add the gravy of eight pounds of beef, a pound of raisins, oranges and spice; then place 12 eggs and the gravy beef in a linen bag and leave in the barrel until the ale has ceased to ferment, when two quarts of Malaga sack should be added. The ale must be bottled after three weeks in cask, and should then, in a short time, be ready for use."—London Chronicle.

Mr. and Mrs. Wilbur A. Drake entertained most delightfully at a dinner party at the Ridgewood hotel Friday evening. Covers were laid for twenty-four guests at a beautifully decorated table. The color scheme was green and white, the center decoration a lovely oblong basket filled with ferns and jessamine. Most artistic place-cards of white and green made the lovely picture more charming, while favors with the same green and white enhanced the delight. It was the most elaborate dinner party given in Daytona this evening, and Mr. and Mrs. Drake are indeed most delightful and charming hosts.

A social afternoon will be given at the home of Mrs. Margaret Snyder next Wednesday afternoon, February 23rd, to the members of the Palmetto club. Mrs. Snyder will be assisted in entertaining by Mrs. J. A. Graham.

THE WEATHER

FOR FLORIDA—Fair tonight and Sunday; light frost in north portion of state; winds, moderate, northwesterly.

Optimist Department, Devoted to Cheering Up "The Land of Sunshine."

Some celebrity, like Dickens or Colonel Roosevelt or Jack Johnson, once said, "Mid pleasures and palaces, though we may roam, be it ever so humble, there's no place like home." I'll bet a lot of men are glad of it!

Yes, lots of husbands and wives come to Florida. It's a great place for husbands and wives. After they've enjoyed a pleasant season here, they go home to—to their husbands and wives. Now, what do you mean by that?

All joking aside, we are delighted to see every tourist that hits Daytona. They come down south and spend their money. Then we go up north and spend their money. Oh, it works both ways. But after all, "The Land of Flowers" is a fairly decent sort of a place. It's a whole lot better than Germany or England or France, right now. The European war is getting on our nerves.

Don't draw to that "bob-tail straight." You never fill 'em! Just toss down your cards and listen to this clatter:

THE EUROPEAN WAR.

If food runs low and money's tight, You'll hear the public roar; And humans cry with all their might, "The European war!"

If life is dull and bankers fail, And cost of liquors soar; All mortals raise the bromide wail, "The European war!"

If Uncle fails to leave you mon, You tire of your wife; You claim that all the world is grim, Because of Europe's strife!

If meats go up and incomes die, If "taxes" soak you more; You heave a sigh and shrilly cry, "The European war!"

MAKING the "Silvertown" Cord Tire, taught us a few lessons in the manufacture of lighter, cooler, more flexible and enduring FABRIC Tires.

The "Silvertown" Tire, you know, gains its marvelous Speed (and the Coasting qualities that demonstrate its Speed) primarily through having only TWO layers of Cords, laid transversely.

Of course, these TWO layers bend more readily than Five, Six, or Seven Layers of Fabric do (or of Cord would). But, we found it necessary, in order to conserve that flexibility (in the Two-cord construction), to put a Rubber Tread over it which was equally flexible, —equally strong, —and elastic enough to act as a sort of spring between the Earth and the Tire-casing, when Brakes were thrown on at stopping, or clutch thrown in at starting.

So, we had to devise practically a new kind of Rubber, for this purpose, TWO YEARS AGO.

And this new kind of Rubber Compound now does for GOODRICH Tires a work paralleling that done by the wonderful Alloys of Steel and Bronze in modern Motor Car construction.

It multiplies Rubber Efficiency, for Tire purposes, while decreasing its Weight, and without increasing its Bulk, or its Cost to you.

AS we cannot yet supply half the demand for "Silvertown Cord Tires" (until enough manufacturing equipment can be constructed) we compromise with the Public by giving them, without additional charge, the highly efficient black Silvertown Rubber in all Goodrich FABRIC Tires for 1916.

This makes GOODRICH Fabric Tires the most Resilient and Responsive-to-Power,—the most Long-Lived and Lively, of all FABRIC Tires, at ANY price,—without increasing their relative price to you.

We call this new Silvertown Tread Compound by the name and brand of "Barefoot Rubber."

Because, it CLINGS to the pavement for the same sort of reason that your bare foot clings to a slippery floor, while being flexible, stretchy, springy, and *light*.

TENACIOUS, resilient, enduring, this "Barefoot Rubber" you today get in all black-tread Goodrich Fabric Tires,—Goodrich Motor-Cycle Tires,—Goodrich Truck Tires,—Goodrich Bicycle Tires,—Goodrich Rubber Boots, Overshoes, Soles and Heels, and in none but GOODRICH products.

Test out a pair of these moderately priced black-tread FABRIC Tires and see what results from the mixing of BRAINS with Rubber.

SMALL BOY SUSTAINS SERIOUS INJURIES

FIVE YEAR OLD SON OF MR. AND MRS. M. S. SMALLWOOD FALLS FROM WAGON AND HAS LEG

BROKEN AND HIP DISLOCATED.

W. Seymour Smallwood, the five-year-old son of Mr. and Mrs. M. S. Smallwood, who are occupying for the season the Willin bungalow, 14 Emmett street, Palmetto Park, met with a distressing accident late yesterday afternoon in the breaking of his left leg above the knee and the dislocation of the hip joint.

The little fellow was at play with other children of the neighborhood and climbed upon a wagon loaded with wood, which was passing along the street. He slipped and fell into the rear wheel, which broke and wrenched his leg as previously stated. He was also painfully bruised on his right leg and upon his body.

Dr. W. L. Wetmore was summoned and the broken bones were set and the dislocated hip and other injuries given necessary attention. Seymour is a high strung, nifty little chap, and beg to be treated without the use of chloroform, with which he had had previous experience. He was, of course, overruled in this, and took the anesthetic bravely. He suffered greatly through the night, but was resting more easily this morning.

Mr. Smallwood is a prominent attorney, of Warsaw, N. Y., and is here for the winter with his family, principally for the benefit of Seymour's health, and at best the unfortunate accident will deprive the boy of several weeks' outdoor life. Mr. and Mrs. Smallwood have two younger children. They have made many friends during their sojourn in the city who will sympathize with them in the trouble which has befallen them.

ANNE HERE FOR DAY

The 41-foot glass cabin, day cruiser, Annel, hailing from New Smyrna, tied up at the city dock this morning. She is owned by E. Kiesewetter, of Columbus, Ohio, who winters at New Smyrna.

Mr. Kiesewetter ran up to Daytona today with a party of friends. He will return late this afternoon. The Annel is driven with a 30-horsepower Yager motor, has a beam of 10-foot, 4-inches, and draws 30 inches of water.

If you see it in the News it's so.

Too Hard for Mr. Gloom.

J. Fuller Gloom: "A famous scientist declares that only one person in every twenty-five thousand thinks. This is the very reason why I have quit arguing with my fellow men. It is too hard to make the other twenty-four thousand nine hundred and ninety-nine think."

Riches Await the Finding.

There is a highway in south Africa built from the dust and dirt of the diamond mines near by. A man with sharper eyes than his neighbors purchased the right to work over this refuse and from it has produced a fortune in diamond dust. Every day humanity ignores much in the life of the world around and beneath it—or at least fails to consider it as a factor in the discovery of truth. Gold can be mined wherever human hearts abound.

Is that So?

Nobody will deny that the actual necessities of human life are simple. Add a scanty article of clothing and a club to the menage of one of the larger apes in a zoo, give him a fire along with his rations, and the needs of a primitive man are supplied. Three or four days of hunger in an open boat will bring the most highly civilized man to accept with avidity food that that ape would reject. The matter of requirements is not an exact science—it is altogether dependent upon the point of view.—Exchange.

ANNOUNCEMENT OF WEDDING TO TAKE PLACE IN DAYTONA

The following wedding announce-
ment, which will be of interest in this
city, appeared in a recent issue of the
Gainesville Sun. The bride and groom,
both of whom are known in Daytona,
will arrive next Monday or Tuesday:
"William Davies Fagan announces
the approaching marriage of his
daughter, Miss Margaret Fagan, to Mr.
Albert Edward Booth, the ceremony to
be solemnized on the afternoon of
Wednesday, February 23rd, at Day-
tona, Florida.

"The above will be read with most
cordial interest by the many friends
of the young couple, and all will unite
in extending the very best wishes to
them in advance of the nuptials. Miss
Fagan is one of Gainesville's most es-
timable young ladies, and by her sunny
disposition and charming grace of
manner has endeared herself to a large
circle of acquaintances. Mr. Booth
is from Cocoa, Fla. He gradu-
ated in 1914 from the Alabama Poly-
technic Institute, Auburn, Ala., and
has for some time been a member of
the corps who are working to stamp
out the citrus canker in this and other
states.

"The marriage of the young couple
will occur at the home of Dr. and Mrs.
S. W. Carroll, uncle and aunt of the
bride-elect, in Daytona, and immedi-
ately after the ceremony they will
leave for a brief wedding trip."

"Owing to ill health will sell my
new brick residence with every mod-
ern improvement, corner Ocean boule-
vard and Duke street, Daytona Beach;
also cottage, 135 North Ridgewood
avenue, both in excellent order and
a real bargain. No reasonable offer
refused. W. M. Shaffner, Daytona

"MUZZLED" OFFICERS CONTINUE TO TALK

(By Victor Elliott.)

WASHINGTON, D. C., Feb. 19.—
Secretary Daniels' alleged "muzzling"
of naval officers, so far as speech
making for preparedness is concerned,
has not muzzled their criticism.

Agitation over the alleged "muzz-
ling" policy became evident when
Secretary Daniels refused to permit
Rear Admiral Bradley A. Fiske to ad-
dress the Chicago Commercial Club
on January 15. Now it develops that
the step breaks up extensive plans in
naval circles for addresses by officers
in practically every city of the coun-
try, that the public might learn from
experts just what the navy most needs
to place it in its highest state of effi-
ciency.

The whole program is stopped by
Secretary Daniels' belief that it is
better for civilians to lead the fight
for enlargement of the navy.

A good idea of the scope of the
plans of naval officers is gained from
an article by Lieutenant R. T. Merrill
written before Secretary Daniels' or-
der was issued.

"Scattered throughout the country
are 27 recruiting officers," said Lieut.
Merrill. "Suppose that the entire
country were divided into 27 geograph-
ical districts, each having the town
wherein is the recruiting office for its
focus.

"In each of these districts let there
be sent to every college, school board,
chamber of commerce, town council,
lyceum and well-established public or-
ganization a letter something on the
following order:

"The naval recruiting officer, Lieut-
enant X. U. S. Navy, having his head-
quarters in the town of Blank, holds
himself in readiness to address your
organization on the subject of the
United States Navy. (The expense
to be borne by the organization)."

"In the meantime lectures are pre-
pared by the officers best fitted for
the task, to suit varying conditions
and audiences. For example, before a
board of trade the lecture should show
the connection between navy and mer-
chant marine, and its effect upon
freight rates and insurance as well as
of securing a market for selling goods.
Before a woman's meeting the real
value of a navy is preventing invasion
and its concomitant horrors might be

brought out, while for a camp of boy
scouts the scientific and technical side
would probably prove more interest-
ing. The lecturing officer, of course,
would not be limited to the stock lec-
tures, but could deliver original talks,
previously scrutinized by the depart-
ment, should he feel that special cir-
cumstances require it." Lieutenant
Merrill pointed out that "As a result
of this war (in Europe) two schools
of thought have developed in the United
States.

"The first includes a number of peo-
ple, who from experience or hearsay,
are so deeply affected by the horrors
of war that they consider no sacrifice
too great to avoid it, and who consider
that passivity is the only means of
avoiding it."

The other class is composed of per-
sons that charge of it. It was to give
these persons a real insight into the
importance of an efficient navy, it was
explained, that plans were laid for the
lectures.

HIGH LIGHTS IN THE
"ETERNAL CITY" AT THE
NEW DAYTONA THEATRE

The story of the wonderful photograph, "The Eternal City," needs no outlining to the public. Every reader of good literature understands the possibilities embodied in the original work, from a motion picture standpoint of view. Now, add to that, perfect photography, the combined efforts of the greatest artists of the "silent stage," a company of unlimited size, unusual dramatic ability and unsurpassed knowledge of the camera and you will arrive at the "Eternal City."

The picture is in eight reels and presents one of the most marvelous steps in advance along the ladder of progress in the motion picture industry. The scenes in modern Rome bring to you what only could be secured by a visit to the most remarkable city in the world.

Pauline Frederick is just plain Pauline Frederick which is sufficient advertisement for any picture. The part is suited to her and her peculiar talent is given free reign.

If in doubt as to the merits of this wonderful production, just ask any one of those who were so fortunate as to see it at the New Daytona theatre yesterday.

The "Eternal City" will be shown for the last time this evening at 8:00 o'clock.

Pleasures and Pains of Power.

MRS. I. M. MABBETTE GIVES NEWS BOUQUET

Mrs. I. M. Mabbette, the very pleasant proprietress of the Hamilton hotel, is a great believer in the Morning Hotel News. In talking with a News representative Friday evening she expressed, of her own volition and without the matter being led up to in any way, nothing but words of praise of the Morning Hotel News. She spoke interestingly of a feature that probably had not occurred to a great many people, the feature being when the kitchen help would occasionally be overruled or some unavoidable delay would occur, which happens in all well regulated establishments sometimes, usually at the breakfast period, she finds that her guests will get so particularly interested in the News, the delay, which otherwise, would be the cause of possible annoyance, passes unnoticed.

CELEBRATED FIFTEENTH
WEDDING ANNIVERSARY

Mr. and Mrs. L. E. Holmes celebrated the fifteenth anniversary of their wedding at their most artistic home at 242 North Ridgewood avenue Friday evening.

The gathering was most informal, only a few of their intimate friends being present to mark the passing of the fifteenth cycle of their wedding bliss.

Cards were enjoyed by the guests, after which dancing to the strains of the victrola was indulged in. The hostess served dainty refreshments. At a reasonable hour departures were taken, the guests wishing the happy couple many happy returns of their wedding day, with health and happiness.

Mr. and Mrs. Holmes were married in Robinson, Me., fifteen years ago, where they make their summer home, spending their winters in Daytona.

COLBY, CARTOONIST.

Mr. Colby, the cartoonist, in appearance is almost the living image of the immortal Bill Nye. As he talks to his audience he transfers a variety of conceptions from his imaginative brain to the concrete form of crayon pictures. Some of his pictures are amusing; some, such as his landscape scenes, are as beautiful as paintings. Many corridors and classrooms in public school buildings in Chicago are ornamented with large crayon pictures that are souvenirs of George E. Colby's popular entertainment "New Ideas in Crayon."

The Chicago Tribune in speaking of Colby says that he is remarkable for combining in his treatment strength, sentiment, delicacy and a nameless

GEORGE E. COLBY.

charm. The Chicago News says, "Mr. Colby's talks are full of surprises, and one marvels at the sudden appearance of pictures both beautiful and comic as they come out of a mass of color and lines."

The most effective transformation that is attempted by Mr. Colby is that embodying the arousing of Mount Vesuvius from slumber to rage. He draws in colors of crayon illustrations of the famous mountain as viewed across the beautiful bay of Naples. The artist darkens the sky with a sudden brush of black smoke from the crater. This addition to the scene is quickly followed by the issuance of a stream of fire and lava, which pours over the bowl of the crater and down the mountain side. The picture is rapidly altered to display volcanic fire lighting up a cloudy sky and being reflected in the waters of the bay.

BRUSH FIRE CALLS
OUT THE DEPARTMENT

A brush fire west of Bungalow Park called out the fire department last night about 10 o'clock. Chief French directed back-firing and no water was turned on. The fire is supposed to have originated by a spark from a passing locomotive. Aside from burning over a tract of vacant land, no damage was done.

His Plea for Mercy.

"Young man, said the magistrate severely, 'the assault you have committed on your poor wife was most brutal. Do you know of any reason why I should not send you to prison?' 'If you do, your honor, replied the prisoner at the bar nonplussed, 'it will break up our honeymoon."

* Don't Spend Money Foolishly.

It is the easiest thing in the world to spend money foolishly or carelessly. It takes strength and determination to resist the temptation to do so, but successfully resisting the temptation brings two rewards—a stiffening of your mental and moral backbone and an increase in your material resources.

Thing of the Past.

James had a dispute with his little friend and slapped her. His mother heard of it some days later and was told him how bad she felt to think her little boy would strike a girl. He jerked her back and forth, taking his cap, started for the door, saying: "Oh, mamma, please don't say anything about it. She has forgotten it by this time, and if she hasn't, I have."

Correction.

In an issue of the small weekly sheet of the Congregational church in a rural community the word opportunity was spelled "opportunitiy." The minister, from the pulpit calling attention to the word, said that he had tried to have the paper free from errors this week, but discovered that "opportunitiy" had been spelled with two p's.—The Congregationalist.

LEGISLATION QUIETS
THE NOISY ROOSTERS

ROOSTER ORDINANCE PASSED BY
COMMISSIONERS IN ST. PETERS-
BURG SAID TO BE EFFECTIVE.
MAY BE TRIED IN MIAMI.

The assertion by the weather man in a recent issue of the Daily News of the impossibility of quieting the noisy rooster is believed by the accomplishment of the authorities in St. Petersburg, according to the Evening Independent of that city, which says, editorially, concerning the matter, as follows:

"Much fun has been poked at the rooster ordinance passed by the commissioners in this city, and there has been a lot of joking about it, but the fact remains that the ordinance has been effective. The police report that they have suppressed many roosters since the law went into effect and have made several neighborhoods peaceful. The mere passage of the ordinance, it is stated, caused many

persons to sell or kill or remove roosters from their premises and thereby bring about peace in the community. Since the ordinance went into effect many complaints have been made to the police regarding noisy roosters. The complaints have been handled by the police as fast as they came in. In every instance the police found it necessary only to notify the owner of the roosters that the birds were a nuisance and the nuisance was at once abated.

"So little has been heard about the effects of the ordinance in this city that the general public assumed the ordinance had died a natural death. But far from being dead, the ordinance is very much alive and active and the number of roosters in St. Petersburg has been reduced materially.

Crowing roosters are a nuisance to many persons who are unable to sleep if the fowls are close to the bedroom. Other persons do not mind the noise and sleep right on through the worst turmoil of crows. Those persons who are nervous and have been kept awake at night in previous winters by roosters, this winter are enjoying quiet. They are duly grateful for the abatement of the nuisance and can testify

that the ordinance, of which so much fun has been made, has been effectively enforced and has resulted in much good to the community.

"Miami is considering passing an ordinance to regulate roosters and many persons are clamoring for the passage of the measure. The ordinance would be drawn along the same lines as the one in St. Petersburg. Judging by the effects in this city, Miami would do well to pass the ordinance and get rid of the roosters. The city is no place for chickens, anyhow, unless they are securely penned, and even if one keeps chickens for eggs the rooster is simply a pest and nuisance even if he is an ornament."

Roosevelt's idea.

A man who is good enough to shed his blood for his country is good enough to be given a square deal. More than that no man is entitled to, and less than that no man shall have.—Theodore Roosevelt

ANARCHISTS ATTEMPT PRINTING CIRCULARS

(By International News Service.)

CHICAGO, Feb. 19.—It is stated that more than 50,000 circulars defending anarchy and declaring that the police faked two letters sent for publication to the New York newspapers, were being printed early today when the authorities got wind of the matter.

The circulars were claimed to be signed by Paul Crones. Plain clothes men are now on his trail. The anarchists had planned to stand in front of all churches in this city and hand out the circulars to the congregations as the people came forth.

BUT SEVEN JURYMEN CHOSEN SO FAR IN THE LORRIMER TRIAL

(By International News Service.)

CHICAGO, Feb. 19.—The most important questions asked the jurymen today at the trial of former Senator Lorrimer, for conspiracy in the wreck of the La Salle street bank, were based on their political views. Only seven men were tentatively accepted. Because of the extreme slowness of progression of events, the taking of evidence will probably not begin until the latter part of next week.

BITS OF NEW YORK LIFE.

NEW YORK, Feb. 19.—The police are trying to suppress a hold-up gang operating along Riverside Drive. It consists of two pugnacious boys, who waylay nicely dressed youngsters, pummel them and steal their pin money, pocket knives, dollar watches and fountain pens. "Don't tell or we will kill you," is their parting threat.

Two-year-old Lena Millie is in the hospital and probably will lose the sight of her left eye, after finding a .38-caliber cartridge and pounding it on the curb with a stone.

Believing no temple should be built by workmen who wash down their noon-time cheese and bread with "suds," women of the Central Baptist church are serving free coffee. It works.

The sixteen stone shaped like a bird's head, which the Siwanoy Indians once worshipped, has been discovered after many years disappearance, buried under a sand heap in Westchester county and placed in the grounds of the Nuquenot Association at New Rochelle.

New York woman suffrage has started a correspondence course in cart tail oratory. Price \$5.00.

Army officers at Governor's Island are working out plans for a military instruction camp for boys of high school grade, to be held next summer. Recruits are expected from Phillips Exeter, Phillips Andover, St. Paul's and Lawrenceville. Details have not been made public.

Hard Job.

One of the hardest jobs I know of is to take a ride, when you're feeling nice and sociable, in a left-hand-drive machine with a fellow who is deaf in the right ear and has to stop the car and turn his head toward you every time you make a remark to him.—Farm Life.

The Hares and the Foxes.

The Hares waged war with the Foxes, and called upon the "foxes to help them. They replied, "We would willingly have helped you, if you had not known who we were, and with whom we were fighting. Count the cost before you commit yourselves.—From Aesop's Fables.

Chivalry.

"Do you know," said the particularly well-groomed and elaborately vivacious lady in the full bloom of her second youth, "that I have the most wonderful gardener in the world—the tenderest hearted not only of gardeners, but of men? He has always made me up a very special bouquet on my birthday and presented it to me in person. But ever since I was thirty—well, as you give me a birthday bouquet every third year.

NEW TERRITORY FOR JAPANESE LABORERS

PITTSBURGH, Pa., Feb. 19.—Should the United States close its doors to the immigration of Japanese laborers by the new immigration bill now being considered by a committee of the house of representatives, immigration in Japan would be little affected by the move, according to Yonesko Yoshizato, a prominent Japanese merchant here.

"Japan has Korea and Southern Manchuria," said Yoshizato. "Immigrant laborers from Japan can go to Korea without a passport, and to Manchuria with a passport. There is plenty of room for them in this 'New Japan' and plenty of opportunities to utilize their labor.

Nor, in Mr. Yoshizato's opinion, would such an action on the part of this country create any lasting ill-feeling against the United States among the lower classes in Japan.

"There might be some resentment," he said, "for a time, but this would speedily be dissipated." "The feeling against Japanese labor is strongest in the Western states, and especially in California. "Envy has been aroused in a way which is very well illustrated by an occurrence in California. There was a valley, in the state, which was so barren that Americans, although they made repeated attempts, were unable to put the land in cultivation. Then Japanese men came and tried to cultivate this land. They succeeded. Now that valley is one of the most productive spots in the state."

CHECK FORGER GOES TO DELAND ON OFFICIAL VISIT TO AUTHORITIES

The dusky lady, who so strongly objected to the Daytona jail as a transient boarding place, when introduced to it by Chief Milton, late yesterday, rode to Deland in the chariot of the law—a Ford. She will probably spend some little time in the future helping demolish the stock of provisions in a convict camp, as a result of her past

acts of indiscretion. "Willie" Hampton followed the method of forging checks to acquire her free trip to the county seat. She escaped once from behind the prison bars of Daytona, but was recaptured after a considerable verbal and physical argument with Chief Milton.
